* Compute the tax, at the end of each quarter, by multiplying the first $7,000 of each employee's annual wage by .006 (0.6%). If the total for all employees is less than $500, no deposit is due; however, the amount will carry over to the next quarter. When the cumulative tax, at the end of a quarter, reaches $500, a tax deposit is due by the end of the month following the quarter.

*Employers and workers subject to Worker’s Benefit Fund include only those that are subject to Oregon Worker’s Benefit Fund (cents-per-hour) assessment: The total assessment is 2.4 cents per hour or partial hour worked by each individual that an employer must cover or chooses to provide with workers’ compensation coverage. Employers must pay at least half the amount (1.2 cents per hour) and deduct no more than half from workers’ wages.

**MILEAGE ALLOWANCE**

.58 cents per mile for all business miles

**PERSONAL USAGE OF BUSINESS VEHICLES**

The personal usage of a company owned or leased vehicle driven by an employee (including corporate shareholder) is classified as payroll compensation and must be reported on the employee’s W2. The personal auto usage compensation is considered Federal W/H, State W/H, FICA, FUTA, SUTA, LTD, and TRI-MET wages and are subject to those taxes. The auto wages need to be processed through payroll by 12/31.
## S-CORPORATIONS’ HEALTH INSURANCE

The IRS is continuing to enforce their ruling that the S-Corporation health insurance premiums **MUST** be included on W2s. If it is not included, then the IRS will **disallow the health insurance deduction** in it’s entirely. This ruling affects the following individuals:

1. Any S-Corporation shareholder owning more than 2% of the stock on any day during the tax year
2. Any member of a shareholder’s family identified in number one above regardless if they actually hold stock in the S Corporation. (Spouse, child, grandchild, or parent)

The S-Corp’s Health Insurance compensation is considered Federal W/H, State W/H, LTD, and TRI-MET wages and are subject to those taxes. It is **not** considered FUTA, SUTA, or FICA (Social Security and Medicare) wages and therefore is **not** subjected to these taxes. This wage needs to be processed through payroll by 12/31.

The common practice of processing the **S-Corp’s Health Insurance wages** and the **Personal Usage of business vehicles wages** is to override the Federal WH and the State WH to zero out to show no Federal & State WH deduction. The S-Corp Health Insurance has no effect on the 1040 as its shows up on line 7 as a W-2 wage and is deducted on line 29 as a health insurance deduction.

## SOCIAL SECURITY RECIPIENTS

The Social Security Administration uses the following earnings limits to reduce your benefits: If you are **under full retirement age** for the entire year, they deduct $1.00 from your benefit payments for every $2.00 you earn above the annual limit of $17,640 in 2019. **In the year you reach full retirement age** they deduct $1.00 in benefits for every $3.00 you earn above a different limit, but they only count earnings before the month you reach your full retirement age. If you will reach full retirement age in 2019, the limit on your earnings for the months before full retirement age is $46,920. Starting with the month you reach full retirement age, you can get your benefits with no limit on your earnings.

A “Full Retirement Age Calculator” provided by the Social Security Administration can be found at: [https://www.socialsecurity.gov/planners/retire/ageincrease.html](https://www.socialsecurity.gov/planners/retire/ageincrease.html)

### FEDERAL TAX DEPOSITS

**DEPOSIT RULES:**

<table>
<thead>
<tr>
<th>Monthly</th>
<th>Taxes on payments made during a calendar month must be deposited by the 15th day of the following month.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Semi-weekly</td>
<td>Taxes on payroll payments made on Wednesday, Thursday, and/or Friday must be deposited by the following Wednesday. Taxes on payroll payments made on Saturday, Sunday, Monday, and/or Tuesday must be deposited by the following Friday.</td>
</tr>
<tr>
<td>$2,500</td>
<td>If an employer accumulates less than $2,500 (effective January 1, 2001) tax liability during a quarter, no deposits are required and this liability may be paid with the tax report for the quarter. If you are unsure whether you will accumulate less than $2,500, make your deposit in accordance with the monthly depositor rules. You will be subject to deposit penalties if you were required to make monthly deposits and fail to do so.</td>
</tr>
<tr>
<td>$100,000</td>
<td>If the total accumulated tax reaches $100,000 or more on any day during a deposit period, it must be deposited by the next banking day, whether an employer is a monthly or semi-weekly depositor. For monthly depositors, the deposit period is a calendar month. The deposit periods for a semi-weekly depositor are Wednesday through Friday and Saturday through Tuesday. In regard to the $100,000 rule, do not continue accumulating employment tax liability after the end of a deposit period. For example, if a semi-weekly depositor has accumulated a liability of $95,000 on a Tuesday (of a Saturday–through-Tuesday accumulation period) and accumulated a $10,000 liability on Wednesday, the $100,000 one day rule does not apply. A monthly depositor, who accumulates $100,000 tax liability on any day, becomes a semi-weekly depositor on the next day and remains so for at least the rest of the current and the following calendar year.</td>
</tr>
</tbody>
</table>
ELECTRONIC FEDERAL TAX PAYMENT SYSTEM

Beginning January 1, 2011, Internal Revenue Service regulations mandated the use of the Electronic Federal Tax Payment System (EFTPS) for all federal tax payments. Tax payment coupon (Form 8109) will no longer be accepted at any bank.

The Internal Revenue Service will automatically enroll employers in EFTPS. All employers should have received information by mail regarding how to complete the employer setup and use of the system. If you need more information or would like our help, please contact us.

PENALTIES

The penalties for failure to make deposits of taxes are based on applicable percentages of the amount of underpayment determined by the number of days the deposit is late. Percentages range from 2% of the undeposited taxes if not more than 5 days late, to 10% if the deposit is more than 15 days late. Additional penalties may result if the IRS issues a notice of payment for under deposited taxes and payment is not made within 10 days after the first delinquency notice.

All reports should be filed timely, even if payment of tax owed cannot be remitted, to avoid an additional penalty for failure to file by the required due date, which is in addition to the penalties for failure to pay the tax due.
**ADMINISTRATION**

| **New-Hires** | New employees are required to be reported to the Oregon Department of Justice within **20 days after the date of hire.**  
The Oregon New Hire Reporting Form: [www.dcs.state.or.us/forms/csf010180.pdf](http://www.dcs.state.or.us/forms/csf010180.pdf)  
Reporting information required:  
| **Employer:** | **Employee:** |
| - Name | - Name |
| - Employer Identification Number (EIN) | - Social Security Number |
| - Address | - Address |
| - Phone Number | |
| - Contact Person | |

| **Form W-4** | It is our recommendation that you have your employees review their withholdings early in the new year to see if they should file a revised Form W-4. Any employee who claimed exemption from withholding during 2018 must complete a new Form W-4 by February 15, 2019. The 2018 Form W-4 claiming exemption expires on that date. If a new Form W-4 is not received by February 15, 2019, you are required to withhold tax as if the employee is single with zero withholding allowances. Employers who rely on old Forms W-4, claiming exemption, could be liable for additional payroll taxes, based on what should have been withheld. |

| **Form OR-W-4** | NEW! Oregon now has their own version of the Federal W-4. Employees must complete this form if: You’re a new employee, you filed a 2018 or 2019 W-4 and didn’t file a separate Oregon form specifying a different number of allowances for Oregon, you weren’t satisfied with your prior year Oregon tax deduction, or you had a change in financial/tax filing status. |

| **Form I-9** | You must complete Form I-9, Employment Eligibility Verification Form, for each new employee you hire within three business days. Forms can be obtained at [www.justice.gov.usao/ct/forms/i9.pdf](http://www.justice.gov.usao/ct/forms/i9.pdf). |
TERMINATED EMPLOYEES

Final Paychecks

When an employee quits without notice, all wages earned are due within five days, excluding Saturdays, Sundays, and holidays, or at the next regular payday, whichever event occurs first. If the employee has given notice of 48 hours or more, all wages are due immediately. When an employee is discharged or where employment is terminated by mutual agreement; the final paycheck must be paid not later than the end of the first business day after the termination. (ORS 652.140(1))

If you stop doing business or no longer have employees during the year, different due dates apply.

The State of Oregon now requires the electronic filing of all W-2’s be made to the State electronically using the state’s I-Wire system. Oregon no longer accepts paper filings and penalties and fines may be levied against employers who do not comply with these electronic filing requirements.
